

NSA Convention July 2024

I have created a video showing how to use EGO camera files in several different software applications. The YouTube video can be viewed at

[https://youtu.be/FmaOPrXh\\_-k](https://youtu.be/FmaOPrXh_-k)

The video contains a combination of short videos

- 1 How to easily open the EGO camera.
- 2 How to connect the EGO camera to the QooCam phone app.
- 3 How to update the firmware of the EGO camera through the app.
- 4 How to share your EGO photos with others using a sharing code.
- 5 How to upload other people's photos into your camera with a sharing code.
- 6 Using the QooCam app as a remote trigger and other uses.
- 7 Loading the EGO DNG (raw) photo into Photoshop.
- 8 Improving EGO photos using StereoPhoto Maker's Color adjustment levels.
- 9 Using the QooCam studio program for improving videos and capturing individual frames.
- 10 Converting EGO videos into anaglyph videos using Magix video software.
- 11 Using the Qoocam photo app to send photos to your cell phone photo library.
